

Directions for Course Selection Sheets - 2024

1. Please fill out and return a sheet for each child in your family in middle school or high school.
2. In periods where there is only one choice like 2nd period Bible 9/10, you do not need to do anything. There is only one choice for that particular grade level during that particular period.
3. In periods where there are two or more choices separated by “or” circle your choice. Most of these choices are between regular college prep courses and their honors option. Please remember that the honors option course will have additional assignments (and quite possibly longer assignments). Do not circle more than one course.
4. There are also several students who are missing graduation requirement courses. Students will be placed in those courses even if the course is not listed as a choice. (examples - eleventh grader needing Algebra II or Geometry or high school student needing P.E.) The schedule was worked out to try to aid the students in getting their required courses for graduation. (See Mr. Carruthers if you have any questions in this regard).
5. High school Strength Training during fifth period on Tuesdays and Thursdays has a maximum of ten (10) students in the course. Priority will be given to upperclassmen and sequence in which the form was submitted.
6. Both middle school and high school handbells have a maximum class size. Students will audition for these courses during the first week of school. Selection of this class does not guarantee placement in the course.
7. There are very few “study halls” on the schedule. Students requesting a study hall should talk with Mr. Carruthers. Please do not write in “Study Hall” as your choice.
8. Please sign and return the completed form as soon as possible. You may print it from the website or this email and scan the completed form as a pdf file and email it to **both** Mr. Carruthers at vcarruthers@northsideministries.com and Miss Upshur at eupshur@northsideministries.com. This will ensure that we have it in a timely manner.

If you only have a phone and do not have a printer, you should be able to scan the document. If you can only take a photo, please make sure the photo is as clear as possible and taken in good lighting.

If you have any questions, please do not hesitate to contact us. We will offer any assistance that we can.
